Work Experience

Co-Founder & Lead Designer

Scarlet Creative

Sept 2022 – Present Remote

- Design-to-Launch delivery:** moved from mental wireframes and sketches directly into production-ready Webflow/WordPress/Wix/SquareSpace and custom HTML/CSS/JS sites, with strong UX clarity and emotional resonance.
- Brand narrative & UX direction:** shaped visual identity and product storytelling for mission-driven teams while keeping systems usable, warm, and human.
- Automation & full-stack builds:** shipped tools and AI workflows that reduced manual work by up to 95% while maintaining consistent brand voice.

Software Engineer - Robotics & Systems

Virtana TT

May 2021 – Aug 2022 Trinidad

- Treated calibration as a UX problem:** designed flows with real-time visual feedback for operator clarity and precision.
- Built and maintained **C#, Python, and Go** components with **strong engineering discipline (design docs, reviews, experiments)**.
- Engineered low-level systems for robotics calibration, camera alignment and AprilTag pose tracking.

Frontend Developer & UX Collaborator

SCG Growth Partners

Jan 2021 – May 2021 Trinidad

- Figma-to-code implementation:** translated detailed design specs into responsive React interfaces and WordPress page ecosystems.
- Built custom theme/UI flows** to match intended brand aesthetics; **collaborated across UX + engineering** for clean handoff execution.
- Supported Django data integration for insurance workflows and CMS-driven page delivery.

Data Scientist & Software Engineer

Telecommunication Services of Trinidad and Tobago (TSTT)

Nov 2019 – Oct 2020 Trinidad

- Built productivity intelligence dashboards and mathematical FOM (Figure of Merit) models to help leadership make informed operational decisions during COVID-19.
- Developed a role-based admin platform for managing user access, permissions and internal workflows.
- Implemented recommender system models to improve customer retention and personalise data-driven product offerings.
- Facilitated bi-weekly programming and data science workshops, supporting internal technical growth across teams.

Education

BSc. Computer Science - First Class Honors

University of the West Indies, St. Augustine

September 2016 – May 2020 St. Augustine, Trinidad

- Research Paper:** "Soft-Churn: Optimal Switching between Prepaid Data Subscriptions on E-SIM support Smartphones"
Supervisor: Professor Patrick Hosein

BSc. Psychology Special - First Class Honors

University of the West Indies, St. Augustine

September 2013 – August 2016 St. Augustine, Trinidad

- Research Paper:** "Examining the Psychological Well-being of Cancer Survivors"
Supervisor: Dr. Jannel Phillip

Profile

Hi! I'm a creator who loves exploring how design and story shape the way we think and feel. I enjoy crafting user flows and interfaces with care, imagining the emotions behind each interaction, and bringing ideas to life as **interactive digital experiences**. I blend **UI/UX** and **graphic design** with **storytelling**, backed by my background in **psychology** and strong **coding skills**, with an **engineering** mindset that brings systems thinking and end-to-end problem solving.

Creative Focus

- Design for Impact-Driven Businesses & NGOs
- Product Design (UI/UX)
- Graphic Design & Visual Identity
- Brand Storytelling & Narrative Design
- Motion Design & Animation
- Interactive Web & Creative Tech
- Game Design & Prototyping

Core Capabilities

- Brand Identity & Creative Direction
- Design Tools: Canva ->
- (Developing): Figma, Illustrator, Photoshop
- Frontend: HTML, CSS, JavaScript, React
- Figma Handoff Interpretation
- Accessible, Responsive UI Buildout
- Webflow & WordPress (CMS/Deployment)
- Wix & Squarespace (Site Delivery)
- Engineering: Python, Go, C#, APIs, SQL
- Automation Workflows (Zapier, GoHighLevel, n8n)
- Creative Tech (Developing): Three.js, WebGL, Rive
- Systems Thinking & Product Architecture

Languages

- English ●●●●●
- Spanish ●●●●●
- German ●●●●●

Awards

- Star Scholar, UWI Development & Endowment Fund
2019
- CIBC FirstCaribbean International Bank Scholarship
2018
- Association of Female Executives of Trinidad and Tobago (AFETT)
2017
